

NETTY CHATTER

Netball South Canterbury Inc

JUNIOR EDITION

WELCOME TO ALL JUNIOR NETBALL PLAYERS, COACHES, MANAGERS AND SUPPORTERS!

We are counting down to the end of junior netball for 2010. **Semi Final play begins this Saturday 31 July, followed by Finals on 7 August.** There is to be no draws for semi-finals—**If the score is tied**, play is to continue until one team is ahead by **TWO** goals.

Please remember to have a representative of each team to stand together when scoring the game—this will ensure there is no controversy after the game. Please ensure fair play standards are in place and practiced by all teams—players, coaches and supporters. Let's ensure these last few weeks are enjoyable for all.

To end the Junior season, the annual **Fun Day Tournament will be on 14 August.** A great time to dress up as whatever! There will be giveaways throughout the day and a goal-scoring competition with Tactix prizes for each section – from Fun Ferns and Future Ferns to Year 8 players. Get practicing!

Fun Ferns will continue until 14 August and they will also be able to take part in the goal shooting competition.

JUNIOR

UMPIRES

INFORMATION

There will be a luncheon for all junior players who participated in the Junior Development Umpire Programme for 2010 on 14 August at 12 noon in the upstairs lounge.

Subway will be provided and the presentation of certificates will take place.

All white umpire tops must be returned at this time.

NSC appreciates all who have been involved in this programme – the game of netball wouldn't be the same without you.

To all the year 8 umpires off to afternoon netball next season, we wish you well and hope you will continue with the umpiring as you move up the ranks in the senior competition.

JUNIOR PRIZEGIVING

THE JUNIOR PRIZEGIVING WILL COMMENCE AT 11.30AM ON 14 AUGUST AFTER THE FUN DAY TOURNAMENT.

Tactix players came to Timaru to hold a coaching session during the holidays – Jo Tripp, Hannah Poff and Hayley Crofts. The girls who participated enjoyed the experience and NSC is hoping the Tactix will be able to organise a similar session next year.
